

Palestinian ceramics and pottery

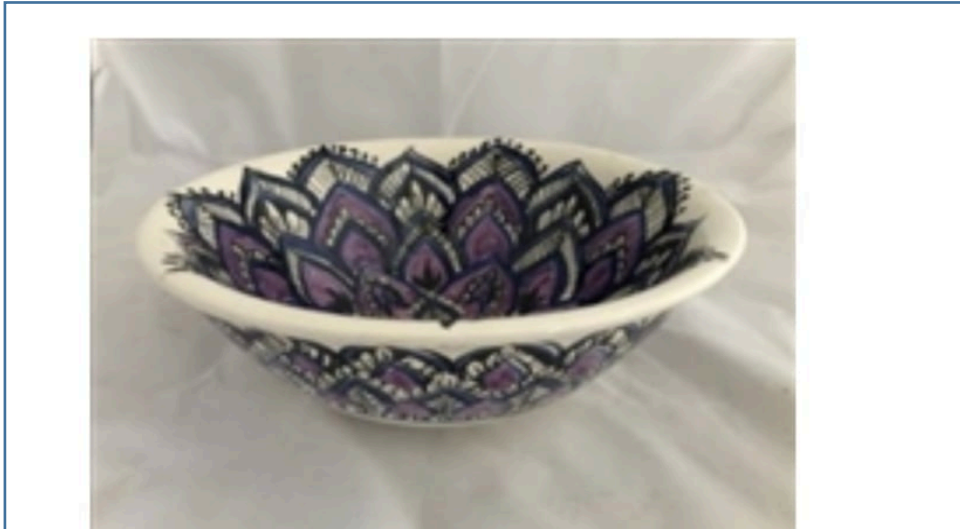

- **In Jerusalem and Hebron, visitors can watch artists paint beautiful patterns on plates, bowls and jugs.**

NEW!

Ceramic Zeit and Za'atar Serving Bowl

How are ceramics made?

- **The process involves molding each item from clay, leaving it to dry for two days, and then putting it in an electric oven for 24 hours to set, then the items are painted and glazed, after that it put back into the electronic oven to set.**
